

Staying COVID-19 Secure in 2020

We confirm we have complied with the government's guidance on managing the risk of COVID-19

• FIVE STEPS TO SAFER WORKING TOGETHER •

- ✓ We have carried out a **COVID-19 risk assessment** and shared the results with the people who work here
- ✓ We have **cleaning, handwashing and hygiene procedures** in line with guidance
- ✓ We have taken all reasonable steps to **help people work from home**
- ✓ We have taken all reasonable steps to **maintain a 2m distance** in the workplace
- ✓ Where people cannot be 2m apart, we have done everything practical to **manage transmission risk**

**Please read the following important Information on Covid 19
for St Michael's Bed & Breakfast**

World Health Organisation guidelines resulting from the pandemic dictate new requirements for all accommodation providers. St Michael's are as follows:-

- **All guests temperatures are taken on arrival. You will be asked to sanitise your hands before you are directed to your room.**
- **Hand sanitiser points are available within the guesthouse.**
- **We have protective screens in place in our reception area to protect both staff and guests when checking in. Payment will now be taken on arrival.**
- **All soap dispensers in guests bedrooms have been replaced with antibacterial hand wash. Please ensure when returning to St Michael's after a day out, that you wash your hands thoroughly.**
- **We have adjusted our table layout in our Breakfast room to enable social distancing. Some of the options for our much loved breakfast buffet will not be available due to current guidelines. The dining room will be closed after breakfast has finished.**
- **Social distancing will be in place at all times within the guesthouse.**
- **Regular Sanitisation/cleaning of public areas will be carried out each day.**
- **We will be offering a room cleaning service every third day during your stay. For your safety and ours, we will not be entering your room unless for scheduled cleaning purposes.**
- **All our rooms will be thoroughly cleaned and then sanitised using a commercial bio fogger. The low micron particle size makes this one of the best disinfectant foggers most suitable for fogging chemical solutions designed to kill Covid 19.**
- **If you or anyone you are travelling with is showing signs of any of the following symptoms:- a new continuous cough, a high temperature, a loss of, or change in, your normal sense of taste or smell, please contact us immediately as you will not be permitted to stay at St Michael's. The health and safety of our guests and staff is paramount.**
